Creating A New Account For The Public

PURPOSE

To instruct users in creating a new account on iLearn.

INTRODUCTION

Welcome to the iLearn! iLearn is the educational tracking and delivery system for the Iowa Judicial Branch. Through iLearn, you can access any on-demand educational content that is available to the public, as well as register to attend live events as they are offered. This document will walk you through creating a new account.

24/7 ACCESS

iLearn can be accessed by any computer with broadband internet access. iLearn content is not specifically configured or tested for Macs or mobile devices; however, much of the content seems to work fairly well on them. Smaller screens, such as phone screens, may prove challenging. If you access iLearn on a Mac or a mobile device, we'd love to hear how it works for you. Email the details of your device and your experience to i.Learn@iowacourts.gov.

Welcome To

iLearn

iLearn is a Learning Management System (LMS) for the Iowa Judicial Branch. Through this site, members of the public can register for live educational events (in-person or webinar) and take on-demand eLearning courses (when they become available). iLearn will also issue certificates for CLE hours, Social Work CEUs, or Substance Abuse CEUs for events as appropriate.

News & Announcements

This website is for the use of court partners and members of the public, such as attorneys, DHS employees, Assistant Attorney Generals, providers, etc. If you are a Judicial Branch Employee, such as a judge, magistrate, juvenile court officer, clerk, etc., please use this site instead: <http://lms.iowacourts.gov/>.
