Question submitted by vendor

1. In creating a software solution for this RFQ I noticed IBM 7025-F50 AIX 4.3.2.0 Oracle DB. Do you have any plans on updating? The software I am quoting supports 4.3.3. Should I include a quote for an upgrade?

The referenced 7025-F50 system on AIX 4.3.2 will be phased out within a similar timeframe of the implementation of the backup solution and was included in the specifications in error. Support for AIX prior to 5L is not required for this RFQ. AIX 5.1, 5.2, 5.3 support is required, with support for 6 either available or forthcoming/planned.
