

## Event Code Update

Date: November 19 , 2021  
To: Court Administration, Clerks of Court  
Subject: New Event Code FMRT

### **New Event Code**

FMRT – FAMILY LAW MEDIATION REPORT ON TEMPORARY MATTERS

- A filer should use FMRT when updating the court on Family Law mediation matters other than settlement status, such as the mediator’s certificate, proof of compliance, or status update for the mediation of temporary matters in those districts where such a filing is required.
- This event was created because reports filed regarding mediation (not related to settlement status) were interfering with the accuracy of stats.
- The event code is set up for filers under Dissolution and Domestic Relations case sub types.
